

code cooperative

- Master computers.
- Learn to code.
- Join a community of technology activists and creators.

Our Mission

The Code Cooperative is a community of people who learn, use, and build technology to create life changing possibilities for individuals and communities impacted by incarceration.

Time Commitment

16 weeks starting in October 2019
12 hours of class time per week
Thursdays & Saturdays 11am to 5pm

Location

302 W 124th St
New York, NY 10027

No Cost

Our classes are completely free

Laptops loaned to participants
Transportation costs covered
Food & coffee at every class

Eligibility

Excellence in code can come from anyone

No previous knowledge or skill needed
You should join if:

- you want to learn more
- you are creative and/or artistic
- you think code isn't for you
- you think code IS for you
- you like to build things
- you like puzzles
- you have an entrepreneurial spirit
- you are "bad at math"

How We Learn

We believe in the transformative power of technology education. Learning to use and build technology can lead to employment, entrepreneurship, community, art creation, and healing. Our members learn that they can contribute to the world in a positive way through developing technology that solves problems that affect them and their communities.

Course Skills

- Essential computer and tech literacy skills (eg. how to use the Internet, send professional emails, write a resume)
- Fundamentals of coding and web development (with HTML, CSS, and JavaScript)
- Cybersecurity and hacking
- Universal and applicable skills (problem solving and self-learning)
- The role of self-compassion, humility, and resilience in the learning process

Community & Mentorship

The Code Cooperative is a community above all. We take care of each other, learn together, and grow together. Our 1-on-1 mentorship model allows for a highly personalized and supportive learning experience in which our members set their own goals and work at their own pace.
